# WE SING . . . . THAT THEY SHALL SPEAK

The Institute of Logopedics  
International Service Project of  
The Society for the Preservation and Encouragement  
of  
Barber Shop Quartet Singing in America, Inc.

Barbershop Harmony has a new ring these days – one with a deep and joyous purpose to it. For Barbershoppers are willingly lending heart and voice that silent children throughout the world may be given speech. S.P.E.B.S.Q.S.A. is proud indeed of its International Service Project, the Institute of Logopedics in Wichita, Kansas.

In every community there are men who love to use their God-given talents to sing. In every community, too, there are silent children who cannot express even the simplest song or thought imprisoned in their hearts. They look to the Barbershoppers for escape from their lonely prisons of silence. We are humbly grateful that God has granted us the privilege and talent to sing – *that they shall speak.*

Communication, as every Barbershopper knows, is mankind's most vital tool. As a pioneer in the field, the Institute has brought speech to more than 30,000 persons throughout the world; and has become the largest residential habilitative center. Today more than 3 children per day are restored to their communities to take their rightful places as speaking members of society.

But countless thousands still plead mutely for our help . . . your help. We cannot – nor do we wish to – ignore their unspoken appeals.

Without speech a human's world is dark and his potential unknown.

No one ever dies from a speech disorder. But, for the millions existing in silence, it can be a living death.

To meet the needs of the speechless, Dr. Martin F. Palmer, Founder of the Institute, developed an integrated three-fold program consisting of the finest possible clinical services for all communicative problems; expert professional education for logopedists; and an excellent and on-going research organization.

As we sing, we hear in our hearts a chorus of voices once silent who are joining us in song . . . they are the 30,000 who found speech at the Institute of Logopedics which we proudly claim as our own.

But we are mindful also of the millions who silently look to us – and to YOU – for their birthright – *Speech.*

**WE SING . . . . THAT THEY TOO SHALL SPEAK !!**

# RELATIVELY SPEAKING

No, you aren't seeing things—there really *are* two men and two women in "Relatively Speaking." This unique quartet was originally formed to sing an anthem at church during the annual Harrisville Harmony Weekend two years ago. They were received so well they decided to keep a good thing going, and they have been pleasing audiences with their special brand of barbershop harmony ever since.

Why "Relatively Speaking", you might ask? Well, the quartet consists of a brother, a sister, and their spouses. Sharing the duties of lead and baritone are Dodie and Bruce LaMarte, and on tenor and bass are Sally and Pete Burns. Dodie and Bruce are residents of Pleasant Ridge, and Sally and Pete live in Troy with their two daughters. In case you can't guess, the brother and sister are Pete and Dodie.

Besides singing with "Relatively Speaking," the quartet members

are very active in quartets and choruses in their own respective barbershop societies. Pete sings bass with "Four-Wheel Drive", and Bruce is the lead of "Saturday Night Feature". Sally and Dodie

sing tenor and lead in "Chock Full o' Notes", a Sweet Adelines quartet. However, they still find time for this family concern, and have been heard to say on occasion, "It's a good thing we like barbershop!"

# THE MELLO-MEN

*(left to right) Norman Hines - Lead, Ed Smith - Tenor, John Derstine - Bass, Doug Petch - Bari*

The Mello-Men, with their zany routines, have entertained audiences in Canada and the United States for many years. In 1978 they added a new dimension to their entertainment skills when they won the Ontario District Quartet Championship.

The quartet, which has a combined total of over 50 years of barbershopping experience, is comprised of an insurance company executive; a trust company supervisor; a materials-handling equipment manager; and a fire fighter (you'll never guess which one is the fire fighter!).

Although they are proud of their quartet championship, the primary objective of the Mello-Men continues to be winning the hearts of their audiences with their own special brand of comedy in the barbershop style.
