Membership of Peter Scheiwe to the Detroit Oakland Chapter

After discussion, **John Paul moved and George Burkett seconded the motion: The Music Team recommends that Peter Scheiwe's request for membership in the Detroit Oakland Chapter be accepted. Motion carried unanimously.**

Request for consideration that some patrons (friends/relatives of Chapter members) be permitted to pay \$20 (rather than the stated rate of \$22) at the door of the Chapter's annual concert

Discussion centered around the issue of the precedent this would create and the potential for undermining advanced ticket sales, viewed as problematic for planning purposes.

It was decided to retain the current pricing structure of \$20 for Tickets sold in advance and \$22 tickets sold at the door with no exceptions.

Jug/Guest Night

Roger Boyer presented a draft flyer for inviting potential members to join the Chapter (previous email exchanges between Roger and Board members involved suggestions for revision of the text of the flyer; Roger incorporated those suggestions into the current draft). The question for the Board was whether the flyer should be inserted in the program for the upcoming annual concert.

After discussion, George Burkett moved & Gary Carpenter seconded a motion to include a black & white copy of the flyer in the program. Motion carried unanimously.

Tom Uicker will have 800 b&w copies printed (on 8 ½ x 11 stock with two flyers per page). Flyers will be stuffed into programs at Tech night rehearsal.

Respectfully submitted: Craig Roney, Recording Secretary
