#### 2. Old Business

- We talked about getting the performance form feedback going. Jim will work with Lynne first, to review the form, develop the process, then set up a meeting with the evaluators to discuss/develop the process and make assignments. We might start with a self-assessment
- We haven't yet distributed a show survey to our 2019 show patrons. Jim and Joe have developed a draft, but it hasn't yet been finalized or distributed.

#### 3. New Business

- We had a debriefing discussion about our caroling performances. It would be nice to add a Greenfield Village performance next year
- We talked about forming a Community Chorus, focusing on caroling and holiday gigs. We'd need mixed (male + female) arrangements.
